

DEGREASER

Water Soluble Degreaser

DEGREASER is an excellent, concentrated, water soluble cleaner that contains surfactants, emulsifiers, detergents, and corrosion inhibitors. It effectively removes oil, grease, grime, and stubborn dirt from any surface area that is commonly found in industrial plants, maintenance shops, marine ship decks, and other machineries.

Performance Benefits:

- Compatible with any kind of steel and common metals
- Contains powerful corrosion inhibitors
- Effectively breaks the molecular structure that binds hydrocarbons to surfaces
- Safe to use, non-flammable, and easy rinsing off with water
- Non-toxic on normal skin and will not ignite under any condition

Instructions of Use:

- For industrial applications, use 60 parts degreaser and 40 parts water
- For light applications, use 50 parts degreaser and 50 parts water
- Spray, mop, brush or wipe liberally onto the area to be cleaned
- Allow the solution to stay for 5-10 minutes for better results
- Rinse off with water and wipe clean

TYPICAL SPECIFICATIONS:

Test Parameters	Test Method	Results
Type		Water-based
Appearance	Visual	Semi-viscous liquid
Color	Visual	Colorless
pH level	Electrometric	11
Specific gravity		1.05
